

5 Benefits to Remember About Our Plans

1. Unlimited province-wide calling, Unlimited Canada-wide calling, Unlimited text to Canada and the US.
2. All plans include Call Control features like Caller ID, Missed Call Alert and Call Forward — **at no extra charge.**
3. Our default local calling is province-wide. On any WIND plan, you can call anyone in your province without paying long-distance charges.
4. You can use your plan — and the 3 key benefits above — anywhere in Canada in a WIND Home Zone. You can buy your plan in Toronto and travel to Calgary. With WIND, home is anywhere you are in a WIND Home Zone, across Canada.
5. We treat postpaid and prepaid the same. All customers get the same plans, same features and same prices, whether they choose to pay before or after.

Benefits to Remember About Your Plan

- It's easy to start. Our Infinite Laptop Plan works with both Windows and Mac laptops.
- Our internet data stick is optimized to get you the fastest mobile Internet experience.

Infinite Laptop Plan \$55.00 / Month

Unlimited Features

Unlimited Internet data in any WIND Home Zone

- Works with the Huawei E181 data stick
- Compatible with Windows 2000/XP/Vista/Mac OS
- No contracts
- No cap on data usage that exceeds 5GB but we may slow your speed

Fair Usage Policy

Fair Usage Policy for data:

To support unlimited data usage for everyone on our network, we have a Fair Usage Policy. If you exceed 5GB of data usage within any given month, we won't cap your usage, but we may slow your speed so that all customers can better share the network and enjoy quality access to the internet. This will likely only happen if you use file sharing software or download large files from the internet. Media streaming contributes to the use of bandwidth and may, if left permanently on, inadvertently drive usage beyond 5GB in a month.

Our Infinite Laptop Plan is truly unlimited. We have no overage tariffs since there is no limit to use internet data.
